

Website Hosting Setup Instructions

A walkthrough of how to purchase godaddy hosting
for website domains

Searching for the perfect domain

What are you looking to have your website called?

Be open to having to change this as there can be various availability fluctuations in the name. You can search before you purchase to make sure that your perfect domain name is there.

Sign up for hosting

Click the link below to sign up for web hosting

<https://www.godaddy.com/hosting/web-hosting>

Once you figure out your domain name:

Select a plan. Unless you want to purchase additional websites on your domain, go with the Economy plan. That allows you to have one website hosting and it'll get you a discounted priced domain name!

Select plan

- | | | |
|---|-----------------|--|
| <input checked="" type="radio"/> | Economy | \$2.99/mo \$7.99/mo On Sale (Save 62%) |
| 1 Website 100 GB Storage Unmetered Bandwidth | | |
| <input type="radio"/> | Deluxe | \$4.99/mo \$10.99/mo On Sale (Save 54%) |
| Unlimited Websites Unlimited Storage Unmetered Bandwidth | | |
| <input type="radio"/> | Ultimate | \$5.99/mo \$16.99/mo On Sale (Save 64%) |
| Unlimited Websites Premium DNS Free SSL certificate for 1 year | | |
| <input type="radio"/> | Maximum | \$12.99/mo \$24.99/mo On Sale (Save 48%) |
| Unlimited Websites 2x Faster Memory Load 2x Maximum Site Traffic Free SSL certificate for full term | | |

Next section will talk about term length:

Select term length

Lock in your savings with a multi-year term.

- 3 months **\$10.99**/mo

- 12 months **\$5.99**/mo
~~\$7.99/mo~~
On Sale (Save 25%)

- 24 months **\$3.99**/mo
~~\$7.99/mo~~
On Sale (Save 50%)

- 36 months **\$2.99**/mo
~~\$7.99/mo~~
On Sale (Save 62%)

Review the term lengths. This will determine how long you will keep your website up and running to the public. 24 months or 36 months is the best bang for your buck. The longer you have hosting through them the cheaper the term amount gets.

Website backup (OPTIONAL)

This is totally up to you to get. You will be setting up security through Wordpress CMS and won't need this unless you want it.

If you do want it: It'll be a big cost to get but if you are storing important data on your website like patient information or credit card information for your clients I would recommend getting it as this performs scans for malware and provides monitoring in case your site gets hacked and someone tries to mess with your information.

We've added Website Backup with basic security. Here's why.

You've put a lot of work into your site. Website Backup makes sure you won't lose it with automatic daily backups, plus basic security features like daily malware scanning and continuous security monitoring for other threats.

We highly recommend Website Backup, but it is an **optional** feature.

Protect your hard work

Add Website Backup

\$2.99/mo/site

Protect your website with automatic backups, plus daily malware scans and continuous security monitoring.

No Thanks

Completing your order

From here, you can purchase your order. You'll be paying for 36 months of website hosting with the domain of your choosing. You will also get Office 365 email for free. Your email will have the same address as your domain, so you have the option of setting up email handlers for your services going forward.

Order summary

| | |
|------------------------------|-----------------|
| Economy Linux Hosting | \$107.64 |
| with cPanel | 36 months |

| | |
|-------------------------|---------------|
| Office 365 Email | \$0.00 |
| | 12 months |

| | |
|--------------|-----------------|
| Total | \$107.64 |
|--------------|-----------------|

Term lengths adjustable prior to checkout.

That's it!

If you would like to move forward with me setting up your website from this point, send me your username and password and I will get your website set up. I recommend a few things before we can smoothly move forward:

- Find a theme that you like on www.themeforest.com
- Upon looking at the theme, start thinking about content to upload to the website
 - Images
 - Text

Next steps to keep moving forward...

At this point, we can meet up for further discussions on what you want your website to look like to determine a level of effort. Once we discuss the information you want to display on your website, I will send you an invoice for services that will be completed. I do require a non-refundable \$100 deposit be paid upon your receipt of the invoice. This deposit will be applied to your total invoice upon completion of services.

Thank you for your business!

If you have any questions please feel free to contact me.
